

How to draw a shark

Directions: Follow the steps listed below. Use a pencil, so you can erase lines where instructed. You can go over your lines with a pen or marker. Then color your shark!

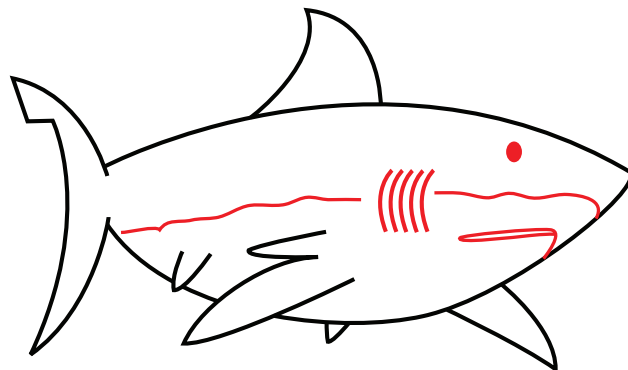

Step 1. Draw the body of the shark.
It looks like the shape of a leaf.

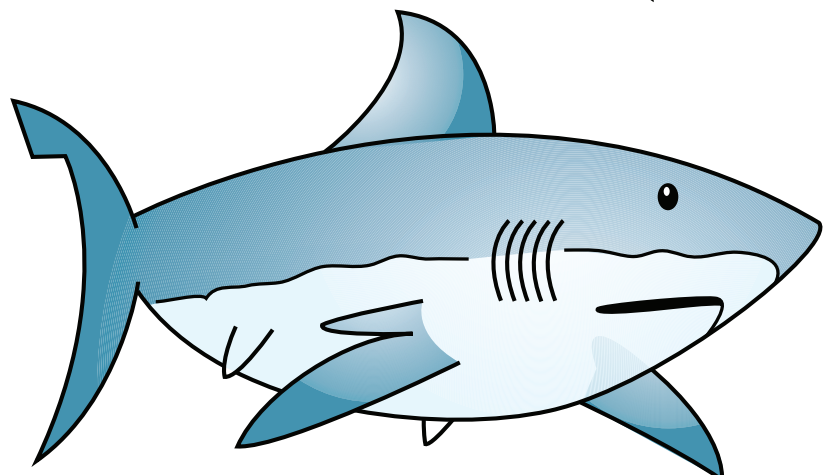

Step 2. Draw in the tail and fins.

Step 3. Erase and clean up any lines inside the tail and fins.

Step 4. Draw the eye, mouth, lateral lines and gills.

Step 5. Trace your shark with a pen or marker and color.

How to draw a shark

Directions: Follow the steps listed below. Use a pencil, so you can erase lines where instructed. You can go over your lines with a pen or marker. Then color your shark!

Step 1. Draw the body of the shark. It looks like the shape of a leaf.

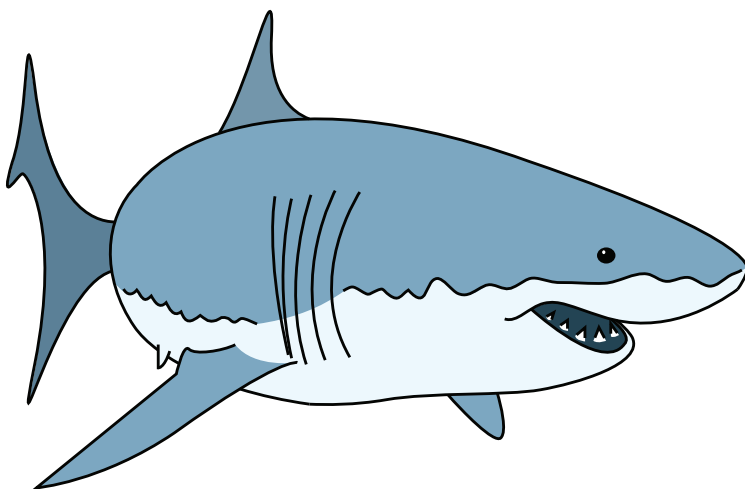

Step 2. Draw the fins. Add the curved line for the mouth.

Step 3. Erase and clean up any lines inside the fins.

Step 4. Draw the eye, nose, and jaw. Add the tail and gills.

Step 5. Erase and clean up any lines inside the body and around the mouth.

Step 6. Add the final touches with a small fin, lateral lines and some teeth.

Step 7. Trace your shark with a pen or marker and color.
